In the news this week

During China's Lunar New Year Gala, one of the world's most-watched TV shows, humanoid robots danced and performed kung-fu moves on stage. The robots could spin, jump, and move in time with music, showing how fast robotics technology is developing. Other Chinese-designed robots appeared at New Year celebrations in New York, USA. The performances have sparked global conversations about how robots might be used in future entertainment and everyday life.

Things to talk about at home ...

- Have you ever seen a robot before? Where was it?
- Do you think robots should be used for entertainment, work, or both?
- What are some of the things that people can do that robots can't?
- If you could design a robot, what would it do and why?
